

OAP Distinguished Pathologist Award

Ontario has a strong reputation of engaged and committed pathologists. The **OAP Distinguished Pathologist Award** is intended to recognize individuals who have made a positive and lasting contribution to our profession. The intent of this award is to recognize individuals throughout the history of the organization and not just from the recent past. Additional criteria to be considered in making this nomination may include individuals who have:

- enhanced the image of the pathologists through their interactions with others
- shared knowledge, skills, experience and insight for betterment of the profession
- exemplified a positive role model for other laboratory doctors, physicians and learners
- been champions of sound ideas for positive impact within the profession at large as well as the OAP
- exhibited pride in OAP and the profession
- enhanced the image of the OAP through interactions with others
- been supportive of OAP members and laboratory medicine colleagues
- fostered and cultivated positive interactions with co-workers and colleagues
- shown a consistently high level of performance of responsibilities in addition to superior organizational and leadership skills
- handled emerging issues and changes in proactive and innovative ways

Any Pathologist/Laboratory Physician who is member of good standing of the OAP is welcome to nominate a deserving individual to be considered to receive this Award. All nominations will remain confidential.

The award will be decided by a panel of peer pathologists:

Chair of award committee: Dr. Demo Divaris

Panel Members:

1 OAP board member

3 pathologist OAP members at large

2012

Award of Excellence

Deadline for submissions:

June 30th 2012

Nominations will be received annually; however, this may not be an annual award. More than one award per year may be made. Nominations not chosen will not be carried over to subsequent years.
